 Pinewood®

Our trail continues

For over 30 years, Pinewood has created functional outdoor clothing for people who truly live the outdoor life. Our roots are in the Swedish forests, where nature is not just a place to visit, but a source of freedom, wellbeing, and inspiration.

From the start, our focus has been clear: durable products, reliable performance, and strong partnerships with retailers who share our passion for the outdoors.

As we introduce the Spring/Summer 2027 collection, we continue to refine our products to meet the real needs of outdoor enthusiasts across Europe.

Thank you for being part of the journey.
See you out there - where the forest begins.

Pinewood - Scandinavian Outdoor Life

Environmental responsibility

We work to contribute to a better world, even if we, as many companies in the world, utilize the earth's resources in some way. We are a small part of the world's clothing production companies, but we believe that every thing we can do for society and the environment is something which contributes to a better world and future for us all.

FSC® for people who care about the forest

This publication is FSC®-marked (Forest Stewardship Council®), an international membership organisation that promotes the responsible use of the world's forests.

Size Guide & Symbols

Embrace the wild

*"To feel good you have
to go completely wild
from time to time."*

There's a true joy in stepping away from the daily grind – to leave behind to-do lists and embrace freedom, even if just for a while. To feel good, sometimes you have to go completely wild. Embracing the wild doesn't necessitate extreme adventures; it's about finding comfort and authenticity in the natural spaces around us.

Our mission is to make you feel at home in the wild. We craft durable outdoor and hunting clothing, focusing on what truly matters. This commitment won't prevent hailstorms or deter ants, but it

will help you navigate nature's unpredictability with confidence. We prioritize quality and comfort for your everyday life in the woods, so you can fully embrace all the wonders the wild has to offer.

The forest invites you to become part of its story. It's a place where you can find peace, challenge yourself, and reconnect with what it means to be human. By embracing the wild, you embrace a life enriched by nature's beauty and wisdom.

No fashion. Just forest life.

Still making the outdoors feel like home

Thirty years ago, it started with a Canada shirt. And a simple idea: that the outdoors should feel like home.

Since then, Pinewood has been part of countless moments outdoors. Early mornings on the hunting pass. Long walks through wild forests. Coffee from a thermos after hours on the trail.

Over the years, those moments have added up. Garments tested in wind, rain and changing seasons. Stories shared around fires. A community of people who feel most themselves outdoors.

What began deep in a corner of the Swedish forest has grown far beyond it. But the idea remains the same.

To make durable clothing that lets more people step outside, breathe a little deeper, and feel at home in nature.

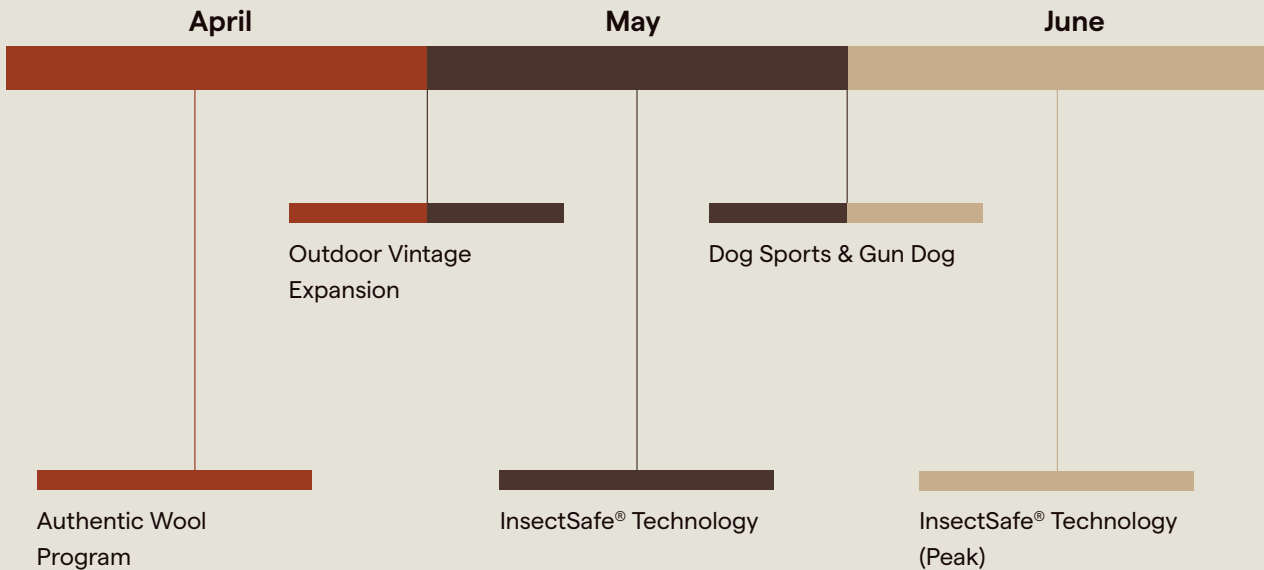

Thirty years later, we are still walking the same path, guided by the same thing that started it all: a love for the outdoors, and the belief that the best moments are the ones we share there — the kind that stay with you long after the day outdoors is over.

Here's to the first 30 years, and to many more memories made outside.

Marketing plan

Pinewood Spring/Summer 2027 is built around life in the forest. The collection unfolds through key seasonal stories: authentic wool layers for early spring, Outdoor Vintage heritage style,

functional InsectSafe® protection for the insect season, and performance-driven Gun Dog gear for active dog training and outdoor life.

Key Drivers SS27

These seasonal stories form the foundation of Pinewood’s Spring/Summer marketing activities, supporting retailers with clear product focus and storytelling throughout the season.

NEW GUN DOG TRAINING VEST

AUTHENTIC WOOL PROGRAM

INSECTSAFE®

OUTDOOR VINTAGE EXPANSION

Designed for rough gundog work

Fold-Out Safety Flap

High-visibility orange panel with reflective detail.

Adjustable Waist Belt

Balances weight when the rear pocket is fully loaded.

Removable High-Vis

Candy pouch, attachable left or right.

Drain Mesh Bottom

Full mesh bottom lets water and dirt drain through. Easy to clean simply rinse the vest after use and hang to dry.

5 kg Dummy Capacity

High-capacity rear pocket for multiple training dummies or game.

Nothing sticks but memories

Lightweight, breathable, and built for adventure, our InsectSafe® clothing is designed for warm climates where function matters most. Whether you're deep in the woods or by the water, you can

focus on the wild – not what's buzzing around you. High-performance protection against mosquitoes, ticks, flies, and more – lasting up to 40 washes.

Facts about IR3535®

The active repellent substance IR3535® has during more than 30 years been used in insect repellent sprays and lotions, and only now with new advanced technology, it can finally with durable effect be integrated into textiles. IR3535® is supplied by German Merck KGAA and is inspired by nature itself and naturally occurring amino acids. The technology creates a long-lasting and ef-

fective atmosphere around the textile fibres which causes most insects to avoid landing on the fabric, an added value to our already high functional garments. If insects do land on the garment, they will, due to discomfort and disorientation, not do anything more than passively just sit around until they choose to fly away again. The repellent used is biocompatible, and proven safe to use for

all, including small children and pregnant women. The effectiveness of IR3535® has been confirmed by the recommendations of official bodies such as the CDC (Centers for Disease Control and Prevention), EPA (Environmental Protection Agency) and WHO (World Health Organization).

WATERPROOF

Waterproof product with taped seams.

WATER REPELLENT

Product with good water repellent properties.

WINDPROOF

Garments with this symbol are made so that they are windproof.

BREATHABLE

Garments with this symbol have high breathability.

DURABLE

Product which is reinforced to be extra durable.

EXTRA WARM

Product that keeps you warm.

4-WAY STRETCH

Functional fabric with stretch both horizontally and vertically for maximum comfort and pliability.

ANTI-ODOUR

The product is produced in an anti-bacterial material.

SILENT

Products that are very silent for a better hunting experience.

REVERSIBLE

Reversible product with two possible colour options.

INSECTSAFE®

Lightweight, breathable, high-performance protection against mosquitoes, ticks, flies, and more – lasting up to 40 washes.

UV-PROTECTION

Garments with this symbol have extra protection against the sun's damaging UVA and UVB rays.

Bionic-Finish® Eco. Fluorine (PFC) free water repellent treatment for sports and outdoor textiles. Due to the hyper branched and hydrophobic polymers water drops will just roll off the fabric keeping the fabric dry and lightweight.

XL-COLLECTION

A range of products in bigger sizes. Jackets from 4XL, trousers from C66 and D128.

Contains viscose made from OnceMore® pulp: a circular textile innovation made from 20% recycled textiles and 80% wood fibres from sustainably managed forests.

TC-1200

Our own hard-wearing fabric that we use as the outer-layer in jackets, trousers, vests and caps. The tightly woven fabric gives good windproof qualities and at the same time the impregnation makes the fabric water resistant. Quick-drying and easy to manage. Easy to re-impregnate with spray. UV-protection. Manufactured in 65% polyester and 35% cotton.

TC-Lite

A fabric with many excellent characteristics. The TC-lite has been specially developed to ensure a maximum high breathability and comfort in warm weather. The fabric is fast drying and does not crease easily. The combination of tightly woven 65% polyester and 35% cotton gives a durable and wind resistant product. The TC-Lite fabric is treated for extra water repellancy.

TC-Stretch

A fabric which is extremely comfortable to wear as it has a built in stretchable function. The TC-Stretch has been specially developed to ensure a maximum high breathability and comfort in warm weather as well as to through its elastic characteristics give better fit and comfort. The fabric is quick-drying and does not crease easily. The combination of tightly woven 64% Polyester, 34% Cotton, 2% Elastane gives a durable and wind resistant product. The TC-Stretch fabric is treated for extra water repellancy and also gives a UV 50+ protection. The fabric can also easily be re-impregnated.

Belts

How to measure a belt

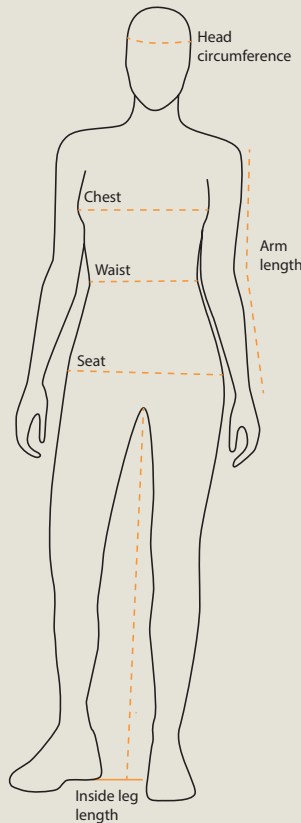

Take your waist measure; that is your size. The belt is measured from the buckle to the middle hole, to make room for adjustments for a tighter or wider fit. You can also measure a belt you already have from the buckle to the middle hole. The result matches what size to pick.
